

# ALGHESIL SUPERFIX

# Sempre®

**additive to paints and plasters,  
preventing algae and fungi growth**

## PROPERTIES

- to using inside and outside
- no impact on the colour
- provides long-lasting protection against algae and fungi growth
- ready and easy to use

## APPLICATION

Product to be used as an additive to elevation products, such as paints and thin-layer plastering coatings. Enhances resistance to algae and fungi. Product especially recommended for protection of buildings located near forests, parks, swamps, ponds and anywhere the risk of elevation infection is heightened.
